SPOT REPORT

SUBJECT: Contracts Signed for Siberia-  
Western Europe Natural Gas  
Pipeline (C)

6 October 1981

REFERENCE:

25X1

1. The USSR has signed contracts with European suppliers of gas turbine and compressor equipment for the Siberia-Western Europe Natural Gas Pipeline. On 29 September 1981, Mashinoimport closed a contract with John Brown Engineering (UK) and Dresser-France (France) for 21 industrial turbines and 21 compressors, with delivery beginning in May 1982. According to NFAC analysts, this information will be used in an article for the "National Intelligence Daily". (C)
